PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

CITY JUDGE CLAUDE JONES of Belle Glade is handling his job on the bench like a veteran. However, at times cases come up in Judge Jones' court that would require the wisdom of a Solomon. Up until now the former Pahokee youth and FHS graduate has been equal to all occasions and is doing a splendid job.

T. C. (DICK) RICHARDSON is back on the job at the Pahokee hospital and is as bright as a new dollar after a serious siege of illness caused by an obstreperous ticker. Dick says that he feels fine but is still taking his doctor's orders not to get in too big a rush.

ALIENATION of affections! I don't know whether I can sue a house—yeh, I said house—on that particular charge or not. I must find out. There is a beautiful house recently built in Pahokee that I'd like to make that charge against. Every time my wife sees it she has a lot to say about the Rardin place. Maybe I should change the charge from alienation of affections to something else. Whatever the charge when folks build those exquisite homes it makes it hard on the fellow who can't buy that many concrete blocks.

SOFTBALL FOR GIRLS is the order of the day in Pahokee along with the regular games for the boys and young men. A Girls' team has been organized and with a lot of luck they should be able to cop a few games this summer. That is, if they don't pick too strong opposition. The girls just recently started the summer's play, so don't expect expert sluggers the first time up. Give 'em a little time and they'll show you just how a good girls' team should perform.

JOHN AND MARGARET Bolton are all atwitter over the plans for construction of a handsome new drug store on the lot where Chastain's market operated for many years. The plans for the new store show that it will be a dandy modern structure when completed.

Pahokee Lions Plan For Picnic Aug. 6th

The Pahokee Lions club completed plans for a picnic supper and swim party at the City park to entertain wives and sweethearts of members, Monday August 6th. The party arrangements will be made by Ralph O. Johnson, committee chairman, in charge.

Manning I. Keen was named to assist the Rotary club in planning a dedication program for the dedication of the new city dock which will be completed by the first of August. The dedication program will be presented early in September.

Members voted to purchase cattle with the \$600 profit cleared on cattle the club sold recently. Lewis Friend and Melvin Spooner are in charge of this project.

Shirleys To Erect New Pahokee Home

Work started this week on a new home for Mr. and Mrs. L. L. Shirley. The building is being constructed of concrete blocks and stucco. It is being erected on a lot adjoining the home of Mr. and Mrs. C. H. Walston. Mr. and Mrs. Shirley sold their home which they recently built on East Main St., to Mr. and Mrs. J. W. Brown who will make their home there following their return from vacation.

TO UNDERGO SURGERY

Mrs. B. Elliott went to West Palm Beach Monday where she entered St. Mary's Hospital. She will undergo surgery the latter part of the week. She is taking a number of blood transfusions in an effort to build up her strength, before the operation.

Jake Boyd Is Cited For 25 Years Loyal And Efficient Work

Twenty-five years of "loyal, efficient and economical services" by J. M. "Jake" Boyd as county engineer was officially recognized and commended by the County Commission in a resolution passed at Monday's meeting.

And in addition to the resolution which Chairman Paul Rardin presented him, Boyd received a huge chocolate cake with five candles—each representing five years of service—which he promptly blew out.

The resolution commended and thanked Boyd for "substantially aiding the growth of Palm Beach County" during his 25 years. He started as county engineer July 17, 1926.

Following the regular board meeting, Boyd cut the cake and handed pieces out to board members. The cake was baked by Roy Nettles, a county employee.

Mrs. Hazel West Dies After Short Illness

Mrs. Hazel West, 63, of Atlanta, died Sunday morning at the Everglades Memorial Hospital after 3 days illness. Mrs. West and her husband S. L. West, were visiting her sister-in-law, Mrs. Vera Summerlin in Pahokee when she became ill and was taken to the hospital.

Mrs. West, born in Columbus, Ga., has been a resident of Atlanta for 8 years. She is survived by her husband and 4 daughters, Mrs. Lovett Bewell and Mrs. Robert Murrah of Atlanta; Mrs. J. T. Wright, Miami and Mrs. Dexter Horn of Homestead; one son, Howard of Oak Ridge, Tenn.; seven grandchildren and three sisters.

The body was shipped to Atlanta for funeral and burial on Tuesday by Berry's Funeral Home here. Dr. Louie Newton, pastor of the Druid Hills Baptist Church conducted the funeral service which was held at the church. Burial was in Atlanta.

Mr. and Mrs. W. P. Culberson and family are vacationing in Mountain City, Tenn.

Milton Carpenter Wins Talent Show

Thunderous applause rocked the foundations of the Prince Theatre Tuesday night, when Milton Carpenter, with two robust numbers sang his way into first place.

Mr. Carpenter displayed an unusual, rich baritone, ideally adapted to his "Road to Mandalay," and equally well suited to his "Night and Day" offering. Malcolm Miller, director of the shows, likened Milton's voice to that of the famous Vaughn Monroe, of "Mule Train" fame.

Diane Todd, a tiny miss with a million dollar personality and an original style of presentation, sang "There's Been a Change in Me" and encored with "The Deaf Old Lady's Courtship". She walked off to ringing applause from an appreciative audience and came in a second place winner on the finish.

Donna Gale Jensen came so close to taking second place that Malcolm said after the show, if he had a pair of shears with him he would cut the bill in two.

Donna Gale, charmingly attired in a flamingo-ballet skirt and bodice and wearing slippers of satin to match, displayed beauty, grace and artistic talent in two ballet numbers. Healthy applause on her finish was ample proof of (continued on page 8)

Prices Strong And Active At Cattle Market On Monday

The cattle market was strong and active Monday at the weekly cattle sales at the Glades Livestock Market as grass fed slaughter cattle continued to bring good prices. Glades pasture grasses flourish at this time of the year and cattlemen say that it is impossible to put enough animals on the pasture lands to consume the grass.

George C. Young, manager of the market, said that he is grazing 100 head of cattle on a 20-acre tract and that they were not able to keep the grass down. However, with so many cattle to the acre the grass becomes so dirty that the cattle have to be rotated to new pastures every two weeks. Young said that this is not widely accepted practice in this section but a desirable one.

Cattlemen have to mow pasture lands regularly this season of the year. If the grass is not cut it becomes tough and losses some of its nutritional values, Young explained. Giant mowers have been designed for pasture mowing.

It is estimated that in the winter Glades pasture lands will support in excess of two animals to the acre and the summer average is five animals to the acre. In other cattle sections of the country the average is one animal to five acres on developed lands and one to twelve on undeveloped lands. The comparison shows the Glades to be a cattle utopia.

Young said that most all the slaughter cattle offered at the Glades Market are grass fed. He (Continued on page 4)

County Commission Adopts New Budget With Lower Millage

Delegates Report On Rainbow Assembly

At a meeting of the Pahokee Assembly of Rainbow Girls Monday evening at the Masonic Hall, delegates to the Grand Assembly in Orlando, gave reports on the assembly. There were approximately 15 delegates from the local organization attending. The following refreshment committee was named for the August meeting: Rose Marie Henderson, Carolyn Hickson, and Carol Jo Guthrie.

Dick Atkins Tells C. P. Lions About Recent Boys State

Dick Atkins, Boy State representative of the Fred and Percy Mansfield American Legion Post in Pahokee, was the guest speaker at the Canal Point Lions club Monday evening at its dinner meeting. He outlined activities of the Boys state and described the trip from the time he left Canal Point. He was introduced by Alton Jones, program chairman.

A. R. Harrington immediate past zone chairman, presented Grady Echols with a key award for securing new members for the club.

It was reported by J. W. Repper that the Florida Highway Patrol, has promised to erect speed limit signs on the north side of the West Palm Beach Canal to slow down motorists who use that section of the road as a speedway. Charlie Gállick was reinstated into the membership.

Sam Henderson, president of the South Bay Lions club, was introduced and made a few remarks.

Members of the club decided to purchase playground equipment and following a discussion on whether the equipment would be placed on the proposed playground near the school building or on the community park grounds. President Floyd Erickson was named to solicit opinions from residents as to where they would like the equipment installed.

Lions Melvin Spooner and Milton Carpenter were guests.

Old Paper Wanted By The Boy Scouts

Troop 23 of the Boy Scouts are gathering up old paper and are asking citizens of Pahokee to drop their bundles of old scrap paper at the former restaurant alongside the hardware store in Pahokee. The door is open at all times and the Scouts will appreciate the cooperation.

Frank Rosenberg went to work at Coburn Hardware store in Canal Point on Monday morning. Frank succeeded Roy Pope who left recently to accept a position in West Palm Beach.

Palm Beach County's budget of \$2,783,298 for the coming fiscal year was officially adopted by the County Commission at Monday's board meeting. The budget, which will go into effect October 1, calls for an 11.66 mill levy—a slight decrease over last year's levy of 11.69.

Commission Chairman Paul Rardin expressed his thanks to the board for "keeping the budget down and holding down the millage." In addition, he praised county department heads "who cooperated splendidly with the board's request to keep down their individual department budgets."

Commissioner John Prince noted that some expenditures had been increased to take care of cost-of-living increases for county employees in the lower-income brackets.

Chairman Rardin explained that it was possible to increase expenditures during the coming year and at the same time reduce the tax millage because of an increase in the assessed valuation of property throughout the county. Property improvements the past year were responsible for the boost in valuation.

Major features of the budget is the more than a quarter million dollars marked for a county building fund, with the money to be raised through a one-mill tax levy.

The new budget also provides for increased expenditures for the county mosquito control unit, funds which are marked for sandfly and fly control. Also upped this year is the county's fund for park improvement which is set at \$149,671—approximately \$27,000 more than was appropriated last year.

The tax roll is based on a total assessed valuation this year of \$204,593,131—an increase of \$13,152,860 over the last year. Of the assessed valuation, a total of \$36,849,170 is removed from operating tax assessments as homestead exemptions.

Commissioners also: Received a report on the Westward Expansion Area near West Palm Beach from County Engineer J. M. Boyd which stated that county right-of-way and additional lands for expansion of the county home and hospital had been planned in the development.

Heard that the Federal Security Agency planned next year to budget funds for further study and research on mosquito control. Heard that work started Monday on two comfort stations at Phillips Ocean Park.

Made plans to conduct a final inspection of the jail addition sometime within the next two weeks.

Dedicated two county lots in South Bay to that city for park purposes.

Approved several right-of-way settlements for a number of county and state roads.

Received about \$50,000 as the county's share of intangible property taxes, gas taxes and agents' license fees.

News Notes From State Capital

TALLAHASSEE — Dr. G. W. Gore has informed the state board of control that Florida A. and M. College which he heads will be ready in September to open departments of law, pharmacy and engineering. The board has announced that it will approve no more out of state scholarships for negro students in these subjects. Dr. Gore told the board that so far, he has received four applications for enrollment in law. Under new state law, all law graduates must pass the state bar examination before they can practice. No figures were given for other new departments at A. and M. Under previous arrangements, negro students for which specialized education is not available in Florida are given scholarships to attend schools in other states, under a regional education plan sponsored several years ago by Millard Caldwell when he was Florida's governor.

TALLAHASSEE — A conditional pardon has been recommended for Lester W. Mitchell, Jr., of Miami, sentenced to serve a year in prison following conviction for manslaughter in the death of Mrs. F. J. Chastain of Miami. She was killed in an automobile accident at a busy Miami intersection, where Mitchell failed to obey a stop signal. The Florida parole commission recommended the pardon.

TALLAHASSEE — Attorney General Richard W. Ervin this

week gave his official opinion on the following general subjects:

WEATHER — Air conditioning may be installed by county in county fee office.

VETERANS — Department of veterans affairs will remain at seven members.

GAS — Liquefied petroleum gas dealers are not exempt from license tags.

ATTORNEY — Counties having no county court or criminal court of record must employ a county prosecuting attorney.

TALLAHASSEE — Dry weather and more acreage to protect caused the number of wildfires and the total damage to increase, says the annual fire report of Florida Forest Service for the fiscal year ending June 30. The forestry service was operating over 12,673, 789 acres of Florida woodlands, and had 11,461 wildfires. Nearly four per cent of the protected area was burned.

TALLAHASSEE — Already in effect are increases for automobile liability insurance rates, set by the state insurance commissioner because of "staggering" losses: 30 per cent for private passenger bodily injury, 20 per cent for private passenger property damage, and 9 per cent for commercial bodily injury. Commercial property damage rates were not changed. There is no change in the rates for protection of the insured's own car, fire, theft, deductive collision, etc.

TALLAHASSEE — Richard A. Mack, chairman of the railroad and public utilities commission said his agency probably will appeal a three judge federal court ruling requiring Florida to increase freight rates. The increase, estimated at \$900,000 annually, was ordered by the interstate commerce commission on intrastate freight, to make its rates come in line with freight moving between states. The railroad commission refused to order the increase, and the case went to court.

TALLAHASSEE — Cost of living increases in pay have been given C. L. Clark, administrative assistant to Governor Warren, and to Loyd Compton, press secretary. Governor Warren said each had assumed part of the work of Frank Wright when Wright resigned early this year to return to private life. The two assistants now get \$8,520 a year. Other members of the governor's office staff also grew cost of living increases in lesser amounts.

TALLAHASSEE — Supreme Court Justice Alto Adams has sold his home and more than 1,000 acres of Leon County land to the St. Joe Paper Company which holds other large tracts adjoining the Adams land. Justice and Mrs. Adams will continue to reside in the home. The home site brought \$50,000, while another 353 acres brought \$10,000.

BAKE SALE SATURDAY

Members of the Canal Point Woman's Society of Christian Service will conduct a bake sale at the Sport Shop in Canal Point Saturday, July 28th starting at 11 a. m. Mrs. Boyd Vorhees, Mrs. C. L. Stuart and Mrs. Francis Cross will be in charge of the sale.

Visitors at Hialeah track are provided with free post cards for mailing to friends and relatives. So far this season 127,050 cards have been mailed.

Defense Council Head Makes Plans Known

A six-point resolution setting forth the current status and general policies of the Palm Beach County Civil Defense Council was submitted by Col. Ellis F. Altman, county director, to the County Commission at Monday's board meeting.

Regarding one point of Altman's that one commissioner be authorized to represent the board, so that necessity of calling full board meetings whenever needed could be eliminated, the commission voted to appoint one of its members at the next meeting.

The other five points, as submitted by Col. Altman:

That the County Commission constitute the Civil Defense Council and that not other persons be named to the council at this time.

That the money spent for equipment in the council office be kept

to a minimum.

That politics be kept out of the council.

That of the \$158,000 awarded the council by the Federal Government, expenditures for medical requisitions and the like now total \$18,000.

That in recognition of the commission's cooperation in starting the council, Col. Altman will obtain from Millard Caldwell, national civic defense director, certificates of merit for each commissioner.

Mrs. J. P. Lawrie, mother of P. P. deMoya, is a patient at the Everglades Memorial Hospital in Pahokee.

Wilfred Hardin of Okeechobee is the house guest of James Stamps here this week.

W. O. Stamps, who is working for the Wometex Theatres in Miami, is spending his vacation at Salerno on a fishing trip.

From where I sit... by Joe Marsh

What's So Funny?

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this sad conclusion after telling jokes to college students. Very often they would give out with what they considered a side-splitter—and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist such a better judge of humor than the rest of

us? If a man gets a kick out of a joke that proves it was funny, to him—doesn't it?

From where I sit, when psychologists try to set up a standard for a sense of humor they're getting too serious for me. Stands to reason that different people laugh at different things, just as they have different tastes for most everything. I'm partial to a glass of beer with meals myself—but I promise not to make any "wise-cracks" if you prefer tea.

Joe Marsh

Florida's growing telephone lines...

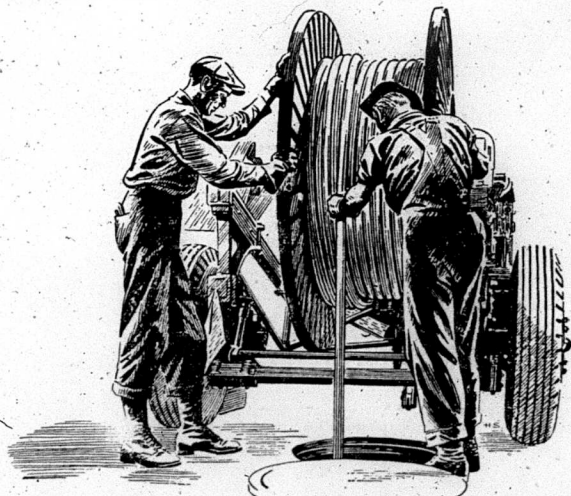

LIFE-LINES OF FLORIDA PROGRESS!

Fast-growing Florida depends more and more on the telephone. Its economic and social life are geared to it. Last year Floridians made almost 900 million local calls.

Today Floridians can call more than 2½ times as many local telephones as they could ten years ago and the service is better. Yet the overall price of telephone service has gone up less than one-fourth as much as prices in general.

The demand for more and more telephones continues, and Southern Bell hopes to build during 1951 nearly \$22 million of new facilities to provide the expansion and improvement of telephone service that is so essential to Florida's progress, and to national defense.—Southern Bell Telephone and Telegraph Company.

A. B. DOOLEY, Florida Manager

FLORIDA PROGRESS AND TELEPHONE PROGRESS GO HAND IN HAND

Big, isn't she?

Twenty-seven thousand, one hundred tons of fighting steel! But this aircraft carrier is only a lightweight compared to some of the towering dreadnaughts that make the U. S. Navy the mightiest in the world. Your navy is in there slugging every minute, doing its job to defend you and all of the things you hold dear.

But remember, defense is your job, too! And one of the best ways to do your job is to buy U. S. Defense* Bonds. You'll be helping your country and at the same time you'll be making the soundest investment on earth today. For U. S. Defense Bonds are as safe as America!

★ ★ ★

THE U. S. DEFENSE BONDS YOU BUY GIVE YOU PERSONAL FINANCIAL INDEPENDENCE

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house, or educate your children, or support you when you retire. Remember, too, that if you don't save *regularly*, you don't save at all.

So go to your company's pay office—now—and sign up for regular Defense Bond purchases through the Payroll Savings Plan. In this plan, you may save as little as \$1.25—or as much as you want—each week. If you can save just \$7.50 weekly, in ten years you'll have bonds worth \$4,329.82 cash! You'll be helping protect America—and helping your dreams come true.

***U. S. SAVINGS BONDS ARE DEFENSE BONDS
BUY THEM REGULARLY!**

The U. S. Government does not pay for this advertising. The Treasury Department thanks for their patriotic donation, the Advertising Council and

Prices Strong And—

(continued from page 1)
estimated that it takes around 126 days to finish a grass-fed animal ready for market. Grain-fed cattle bring around two cents more per pound than grass fed cattle, but the difference in the price of feed more than makes up for the difference in price per pound in the profits.

A number of veal cattle are being offered at the sales. Veal ready for market averages around 200 to 300 pounds. Calves are put on market when they are ready to wean from the mother cow.

Two groups of cattle brought good returns for cattlemen at the sale Monday. One group was composed of 19 commercial slaughter steers which returned an average of \$39.19 each cwt., net to the seller. The other was a group of 16, common feeder steers weighing around 594 lbs. each, which netted \$28.87 cwt.

Young announces that the new cattle cutting pens and squeeze shutters at the market will be completed next week and cattlemen are invited to bring their animals to the market for branding and treatment on the day after the sales. No charge will be made for cattlemen furnishing their own labor and equipment, Young said.

There were 341 cattle sold at the market sales Monday for a total of \$42,040.28. In slaughter types, good grade slaughter steers brought \$31.50 to \$33.75; commercial, \$28.00 to \$30.50 and utility, \$25.75 to \$28.25.

Calves, utility, brought \$28.00. Cows, utility, \$25.50 and cutter grades \$23.50 to \$24.25. Bulls, utility, \$26.50 to \$29.25 and cutter, \$25.25 to \$26.50.

Stocker steers, common, \$26.75

to \$35.50; inferior, \$24.00 to \$27.50. Heifers, medium, brought \$35.00 to \$37.50; common, \$28.00 to \$32.50 and inferior, \$21.00 to \$26.00.

Stocker calves, medium, sold for \$29.75 to \$33.00 and common grades, \$26.50 to \$31.00. A few old grades sold as high as \$40.00 and inferior grades brought \$2.00 to \$28.50. Bulls, common, sold for \$26.00 to \$28.25 and inferior, \$22.50 to \$25.50.

Governor Lauds Results Of Safety Conference Group

TALLAHASSEE — Governor Warren recently paid tribute to the Governor's Highway Safety Conference and its companion Florida's Citizen Safety Council for their work in saving lives on the highways. Pointing out that the traffic fatalities for the first six months of 1951 were 26 less than for a similar period in 1950, the Governor said this safety effort "must be continued if more lives are to be saved."

"This life saving improvement is traceable in part to two of the three 'E's of highway safety—engineering by the State Road Department and enforcement by the State Highway Patrol and other police officers. But our thanks are due principally to the third highway safety 'E'—education carried on by the Governor's Highway Safety Conference and the Florida Citizen's Safety Council." The third Annual Governor's Highway Safety Conference will be held at Miami, September 27-28. Directors of the Florida Citizen's Safety Council will meet at Silver Springs in the near future to draw plans for the conference.

State Has A Few Millions Left Over

TALLAHASSEE—The state of Florida ended the 1949-51 two-year fiscal period with a surplus of more than \$15,000,000 in its general fund. The comptroller's office reports the state general fund had an unencumbered balance of \$15,301,535 as of June 30, 1951. The comptroller's office also stated that total general fund receipts for the two-year period were \$240,090,746. Expenditures for the same period totaled \$241,472,196. However, a toll of \$3,296,640 has been committed although not yet paid out. This brings total general fund expenditures for the biennium to \$244,768,837. The figures in this report, the office stated, cover only the general fund. Figures on all state spending including expenditures by the Road Department and other agencies which operate with earmarked funds are not yet available.

Mrs. Melvin Spooner has gone to Mountain City, Tenn., where she will do office work for Max E. Beverly Inc.

Crusade For Freedom Plan To Be Pushed

JACKSONVILLE—In announcing plans for the opening of the 1951 "Crusade for Freedom" campaign, Harold Cole, State Chairman, announced this week the appointment of Ralph E. Grassfield of Lakeland as Executive Officer, who will set up the effort in the sixty-seven counties of Florida.

The "Crusade for Freedom" which is headed nationally by Gen. Lucius D. Clay and sponsored by the National Committee for a Free Europe, offers the people of American an opportunity to personally participate in the fight against Communism. Thanks to the splendid support given the initial effort last year we now have one of the world's most powerful broadcasting stations delivering round-the-clock broadcasts, telling the truth to the people of captive countries.

The "Crusade for Freedom" is a great moral movement of the people and by the people for human dignity and peace over all the earth. It has the whole-hearted endorsement and support of practically every civic, fraternal and political group in the nation.

Sign the Freedom pledge and contribute what you can to this worthwhile effort for a free world.

BLIND ASSISTANCE

TALLAHASSEE—Florida's program for rehabilitating the blind ranks as the second best one in the nation, Executive Secretary Harry E. Simmons of the Florida Council for the Blind said recently. Simmons said that almost one fourth of the 8,000 to 10,000 blind or partly blind persons in the state have received some type of assistance through the council. Simmons gave his report here while attending Florida State University's fifth annual special course of education methods for use with exceptional children.

Join the Crusade for Freedom and help carry the Truth behind the iron curtain.

Tourist Business Continues To Mount

TALLAHASSEE — Florida's tourist business is expected to soar past the \$1 billion mark, the head of the State Advertising Commission told the cabinet recently. Beverly Grizzard, acting director of the Advertising Commission, said that the advent of heavy summer trade meant "we have discovered the vacation traveler and the vacation traveler has discovered Florida." With Florida's 1950 tourist numbering over 5,000,000 and spending \$885,000,000, Grizzard said that 1951 tourist spending should be "considerably over \$1 billion." The cabinet also granted the state American Legion convention \$25,000 as a partial payment of a promised \$50,000 fund in defrayment of expenses for the National American Legion convention to be held in Miami in October. Joe Adams of Miami requested the money, and Agricultural Commissioner Nathan Mayo recommended the \$25,000 grant as an installment with the rest to come later.

Hal Rosenberg of Canal Point is spending the summer in Mountain City, Tenn., where he is employed in the vegetable deal with the Beverlys.

Cinematic Chatter

By Malcolm Miller

Here's an opening story from Hollywood's most glamorous and romantic actors. "They all stopped laughing when I sat down to play," Cornet confided. "I used a keyboard to get the producers in Hollywood to give me a starring role. It wasn't until I sat down at the piano as the composer Frederick Chopin, in a 'Song to Remember', that I broke away from bit parts and received offers for starring roles." Wild recalls. From those piano playing stunts Cornet, when given an opportunity proved that he could woo the attendance of young and old, male and female

to the box offices of the world. Francis Langford, from our own state of Florida, became the first woman to receive distinguished service citation from the Reserve Officers Association when she was honored at their 25th annual conference in the Municipal Auditorium, at Long Beach, California. The citation was for her record ten years of unceasing efforts in bringing entertainment to soldiers around the world. Others similarly cited included Bob Hope, Ronald Reagan, George Murphy, Y. Frank Freeman and some Motion Picture, stage and radio clubs. These stage, screen and radio-television stars devote a great deal of their time to bringing to our boys in the unsettled spots of the world happy entertainment to take their minds off the grim business of war and relax from the worry of home ties. These fine people are certainly going to receive a great award from the Father of all when those awards are passed out. See you at the movies—Mal.

plane which is used to spot and check on Everglades fires. Bair has attended five sessions of the Florida State Fire College.

He is active in civic affairs and is a member of the Belle Glade American Legion Post.

JOINS HOSPITAL STAFF

Mrs. C. M. Todd has been added to the nursing staff to the Everglades Memorial Hospital in Pahokee. She will assume her duties there the first of the month. Mrs. Todd has just recently completed a course in nursing at the Chicago School of nursing. She is a pioneer of Pahokee, coming here to teach school in the early days.

District Deputy Is Named By Elks Group

Howard R. Davis, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, to-day announced the appointment of Charles H. Peckells as District Deputy Grand Exalted Ruler for the South Central District.

The South Central District embraces Lodges in Pahokee, Fort Myers, Delray Beach, Belle Glade, West Palm Beach, Sebring, Arcadia, Wauchula, Vero Beach, Lake Worth and Fort Pierce.

Peckells will leave on Aug. 8th

for Bedford, Virginia to attend a conference of District Deputies called by Grand Exalted Ruler Davis to discuss affairs of the order and activities for the coming year.

Peckells served as Exalted Ruler of the Fort Pierce Lodge during the year 1948-49. He is a member of the Harry Anna Crippled Childrens Home Committee, having been re-elected to a five year term at the recent State Convention in Daytona Beach. He served as Chairman of the State Inter-lodge Visitations Committee for two years.

Association Holds Its Regular Meeting

(From Palm Beach Post)
Mrs. Dennis Bell, city, was re-elected president of the Palm Lake Baptist Association at the Northwood Baptist Church Thursday.
Others elected: Mrs. T. Emerson Wortham, Lake Worth, vice-president; Mrs. J. F. Medema, Greenacres, secretary; Mrs. E. B. Nall, Clewiston, Palm Side superintendent; Mrs. J. C. Lockett, West Palm Beach, treasurer; Mrs. Harold E. White, Haverhill, young people's leader; Mrs. W. E. Schlechter, Belle Glade, young people's director; Mrs. Horace Unwin, Pahokee, community missions chairman; Mrs. William Belk, Northwood, mission study chairman; Mrs. W. E. Crocker, Lake Worth, stewardship chairman; Mrs. Harry Redifer, West Palm Beach, children's home chairman; Mrs. C. B. Jones, Canal Point, training school chairman; Mrs. William Jeffries, South Bay, Margaret fund chairman; Mrs. Robert E. Zwicker, Lake Avenue Church, literature chairman; Mrs. Donald Weeks, Belle Glade, publicity chairman; Mrs. R. Kelly White, West Palm Beach, board member at large.

Mrs. Bell and Mrs. Harold White were elected to attend the Baptist Assembly at Ridgecrest, N. C. Aug. 9-15 during Woman's Missionary Week.

Mrs. R. Kelly White told of the recent Southern Baptist Convention in San Francisco, Calif.

A program was presented by the young people with Andy Thurmond of Northwood as organist and Martha Sue Davenport, Northwood as pianist. The scripture "Bears on Our Hearts" was given by Joyce Partain, Lucy Kelsee, Patricia Cato and Josephine Martin, South Bay Junior Girls Auxiliary; vocal solo, "Living for Jesus"; Jimmy Stamps, Junior RA of Pahokee; prayer for those on Calendar of Prayer, by Faye Morris, YWA of West Side church; "Youth Looks", talks by Sandra Kirk, intermediates of Northwood, Frances Raman, YWA of First

Baptist Church, cit. Charles Wortham, Lake Worth, and Caroline Earwood of Belle Glade; vocal solo, "Our Best", Gloria Taylor of Clewiston, recognition of pastors and their wives by Billie Nell Stokes, Intermediate GA of Canal Point.

Christian Science Group Of Canal Point

Advance beyond blind belief comes with the spiritual understanding of God as changeless, available, and fundamental Truth. This will be explained at Christian Science services next Sunday. When the subject of the Lesson-Sermon will be "TRUTH."
Those words of Isaiah the Prophet constitute the Golden Text: "We have a strong city; salvation will God appoint for walls and bulwarks. Open ye the gates, that the righteous nation which keepeth the truth may enter in" (Isa. 26: 1, 2).

Selections from the Bible include this statement by John (1: 17): "For the law was given by Moses, but grace and truth came by Jesus Christ."

A mong correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following: "Christ, Truth, was demonstrated through Jesus to prove the power of Spirit over the flesh, — to show that Truth is made manifest by its effects upon the human mind and body, healing sickness and destroying sin" (p. 316).

Mr. and Mrs. Alton Collins of Pahokee announce the birth of a son, Charles David, July 22nd at the Everglades Memorial Hospital in Pahokee.

Mr. and Mrs. Benny Woods, Pahokee announce the birth of a son at the hospital on July 23rd.

RETURN IS DELAYED

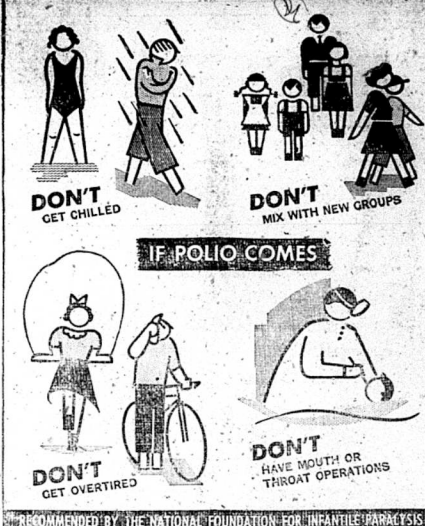

According to word received by Mr. and Mrs. C. M. Baker of Pahokee their son, Sgt. Marvin A. Baker who is serving in Korea with the U. S. Air Force, and who had planned to arrive home in July, will not be able to return to the states before November. Sgt. Baker is stationed in Korea with the 16th Communication Squadron, U. S. Air Force. His three year period of enlistment will be up in August, according to his parents.

Judge and Mrs. Ross Williams of Miami were the guests Sunday of Mr. and Mrs. Manning I. Keen and family here.

Inner-Tone Praised By People Ailing For Years

Folks who've been ailing for years and have tried just about everything under the sun report amazing benefits from the first bottle of INNER-TONE. Relief comes at once to sufferers of nervous indigestion, heartburn and upset stomachs while INNER-TONE'S iron goes right to work building up your starved blood and its vitamins soothe and feed your jangled nerves. INNER-TONE is the new liquid tonic made from Nature's herbs fortified with iron and Vitamins B-1, B-2, and B-6. Miserable people soon feel better all over. So don't go on suffering! Get INNER-TONE at Carter-Geiger drug store, today.

1951 POLIO POINTERS

These are precautions recommended by the National Foundation for Infantile Paralysis when polio is around. Also, wash hands before eating and be on the alert for such symptoms as feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. If the disease does strike, call your doctor promptly, follow his advice. Your local National Foundation chapter will provide needed assistance.

Ross Allen has announced the establishment of a brand new attraction at Silver Springs in the form of a Monkey Show. Monkeys from all over the world are exhibited and trained by Wild Animals, Inc., affiliate with Allen's Institute.

The "Chicken of Tomorrow" sponsored in national contests by A&P Food Stores, is here today, according to H. H. Alp, commodity director for the Farm Bureau who states that between 600,000 and 800,000 of the commercial meat type chickens will be marketed this year.

AUXILIARY MEETINGS

The Canal Point American Legion Auxiliary Unit 242 will meet in the Canal Point Scout House the second and fourth Tuesday of each month.

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

Do You Remember ?

Interesting Items Taken From The Files Of
THE EVERGLADES NEWS

25 Years Ago

The tail end of a hurricane general through South Florida, that originated in the West Indies and of which warnings had been given, did damage on the eastern shore of Lake Okeechobee. Its first local manifestation was a whirlwind from the east at 11 o'clock Monday forenoon which raised a cloud of muck dust near the sugar mill; the wind died down in the afternoon and all weather conditions were normal until Monday night, when a gale sprung up out of the northeast. The wind was high Tuesday forenoon and increased in velocity in the afternoon, when it had shifted to the west and attained a velocity estimated at 45 or 50 miles an hour, reaching its peak at about 3 o'clock.

Grasshoppers have stripped the leaves off of palms Jack Barrett set in front of the Custard Apple Lodge but they have not seriously hurt palms at the schoolhouse. Professor Speer says hoppers will not bother vegetables around which there is 40 feet of cleared space. The hoppers come out of the woods or weed patches and it they do not find anything to eat right at hand they go back.

How the produce dealers get rid of all the vegetables that come in to them in New York City was the thing W. H. Vann remarked upon during his stay in that city recently. He returned to Canal Point, Thursday morning, driving in from West Palm Beach in the same Buick car he left here in two months ago. From Canal Point he had gone to Georgia to work in the peach deal. Later he went north with Fred J. Taylor, whose home is at Ripley, N. Y., and with Fred visited several northern cities. Mr. Vann has reopened the office of the Everglades Realty Company and will resume the buying and selling of lots and farm tracts.

Not all the colored people went north for vacations. A hundred or more put in their time on the lake side of the railroad grade comfortably seated and in languid contemplation of fishing lines.

More persons come into the Everglades because they have relatives here than through any other reason, all of the other reasons being subordinate in most cases. Advertising and the efforts of real estate men are most effective when directed to persons who have relatives here. This is a hint to developers—or to such developers as want to get settlers. I was working on this clue when Guy Sharon put the idea into words.

Here is one of the evidences that:

this idea is right: W. G. Todd, the brigetender at Canal Point, who has land near Pahokee, was originally from South Carolina, going from there to Mississippi. His son, C. M., now the mayor of Pahokee, was a member of the family that came to Florida from Kittrell, Miss. R. E. (Earl) Smith a son-in-law of W. G. Todd is from McLain, Miss. Earl's brother Ira I. Smith comes from Avera, Miss.; he is the father of Mrs. Mittie Cruthird. Homer Swindall, a Mississippian, married a daughter of Ira I. Smith. O. W. Smith, a nephew of Ira, came to East Beach from Avera. Mrs. Ella Cruthird, mother of J. W. and Cleve, came to Florida from Hattiesburg, Miss.

Fashion has decreed that the fashionable girl of 1927 shall be plump. The fundamentalists have a right to say that if there is anything to evolution, the women of the future will have the adaptability of an accordion.

By fixing up their boats and nets fishermen all around Lake Okeechobee are preparing for resumption of fishing on a commercial basis when the season opens in September. The preparations are most marked at Okeechobee, which has long been the biggest center of freshwater fishing operations and where there are four fish packing houses. There are two fish houses at Moore Haven. Small lot express shipments have been made this

summer from Clewiston of fish caught in manner that does not violate the law.

Although big preparations are being made for the fishing season on Lake Okeechobee, old-time fishermen who live in Canal Point and Pahokee do not expect the season to be a good one. They say the fish are not in the lake in the number they used to be, and moreover, the high stage of the lake will make it hard to catch the fish.

The water being blown southward by the hurricane, Lake Okeechobee at its north end was lowered four feet Tuesday afternoon, and hundreds of residents of the town of Okeechobee from the three miles from the town down Parrott avenue to the lake front and walked for a mile from the shore of the bed of the lake, picking up 15-pound and 20-pound catfish that had not moved as fast as the receding water.

At what velocity did the wind blow? Newspapers printing dispatches from the east coast say the wind reached at velocity of 100 miles an hour at times, but this probably was exaggerated, as the authority for the statement is not given. There was not time when a walk could not face the wind and walk at approximately normal speed. By this test and others it is estimated the wind did not attain a velocity of more than 55 miles an hour at any time. No windows were broken or blown out anywhere on the lake.

Mrs. J. A. Touchstone and daughter, Grace of Bartow have returned to their home there after visiting Mrs. Touchstone's brother-in-law and sister, Mr. and Mrs. M. F. George in Canal Point.

Seaboard Installs Radio Telephone On Freight Trains

TAMPA—Don't be alarmed if you happen to be listening to your short wave radio and hear a voice sing out, "Cut out a gondola, pick up a flat and roll me down the road."

This new lingo will probably be coming from the two-way radio equipment recently installed on freight trains as an experiment by the Seaboard Airline Railroad.

The Florida State Fair, which ranks among the best in the nation, now has 29 modern exposition buildings for housing education, agricultural and commercial exhibits.

Milton Carpenter—

Continued from page 1
the approval of the capacity audience.

Two guest star acts from Belle Glade opened the show. Reeser and

Howell opened with an impersonation of Lonnie Clawson and Wayne Rainey, those famous harmonica players and singers heard over the air from Cincinnati, Ohio. They stopped the show with their offering.

Francis Bravaldo presented a clever novelty in black face. This little lady displays great possibilities in dramatics and won a ringing round of appreciative applause from the crowd.

Other interesting talent on the program were: Willie Grace Thomas, soloist and Valerie Gieger, song stylist.

Mr. Millar announced there are but three more weeks of eliminations and then the grand finals. He also stated there is still time for registrants to try for the finals.
